STORIES OF MILITARY VETERANS

as of October 27, 2016
[d'd] = deceased

Listed here are past and present employees of The College at Brockport who are known, or believed, to have served our country through military service. Please note that this is a work in progress and other veterans are being added as we learn of their service.

Clicking on underlined names will take you to a biography link about that person.

Names not underlined are biographies still in production. They will be linked when finalized.

The references Korea, Viet Nam, WWII, etc. is meant to identify the period of service and NOT that the individuals actually served in the front lines in those conflicts, although many did. A read of the stories will clarify this point.

Photos and information about the military service of other College employees are welcome from them or their families. Contact Richard "Bud" Meade, Director of Human Resources Emeritus, creator and producer of this section, at:
rmeade1@rochester.rr.com
or (585) 637-4674
