Bill -

This card file contains the names of those buried in the West Sweden Cemetery - as far as stones tell the story.

There are "double entries" - e.g., under Sands - one daughter married a Randall - so I made a cross reference under Randall. Then the Randall card refers as cross-reference - Sands

The lot numbers are incomplete. Figured ~~it~~ them out ~~some~~ from the map - but the only way to determine the unknown numbers is probably to pace the lots off

The whole thing is incomplete too - as there may be burials with no stones

There was one stone with the last name illegible - I filed it under Z. where it sits in solitary splendor

I marked the individual cards Veteran - if such was indicated - & under V - put a list of the Veterans.

To sum up: the whole effort may have been a waste of time & prove to be of little use - maybe none. On the other hand, it may be a help ~~to~~ in answering inquiries - should there ever be any.

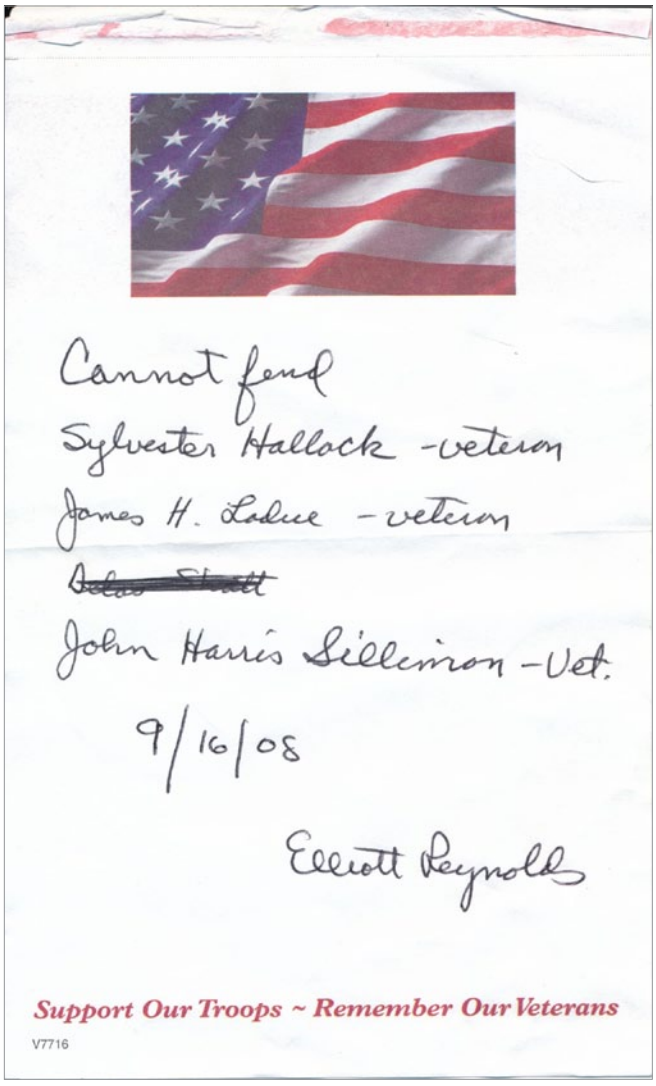

This is a duplicate file. I have one too

PROVENANCE

This card file came to Christine (Anheier) Hunt via her mother Roberta Anheier, a close friend of Elizabeth "Betty" Cook. Betty and her husband Marshall served on the West Sweden Cemetery board. Christine passed it on to the Town of Sweden Highway Department sometime after the early 2000s when the Town assumed responsibility for other cemeteries within the Town. It was borrowed from the Highway Department by Norm Frisch for purposes of scanning 2015.07.09, and returned to them 2015.07.13

IMAGE NOTES

The introduction letter and all cards were in the tan plastic card file box. The original introduction letter was on very light pastel green paper with very light blue rules, and is about 8 3/8" wide by 10 7/8" high. All cards are original and about 5" wide by 3" high. Colors may or may not be significant. There were no cards filed with names starting with: I, O, Q, U, X, Y, Z. Cards were double checked to make sure all were scanned. "Missing vets" note may not have been IN the file box.
